

regulation of protein
catabolic process

positive regulation of
protein catabolic process

long-term synaptic potentiation

protein catabolic process

Biological Process	Percentage
protein catabolic process	33%
macromolecule catabolic process	33%

macromolecule
catabolic process

positive regulation of
synaptic transmission

long-term synaptic potentiation

regulation of long-term synaptic potentiation

regulation of synaptic plasticity

amyloid-beta clearance

amyloid precursor protein
catabolic process

amyloid precursor protein
catabolic process
metabolic process

amyloid-beta clearance
