

cell morphogenesis involved in neuron differentiation	cell projection morphogenesis	neuron projection morphogenesis	plasma membrane bounded cell projection morphogenesis	positive regulation of macromolecule metabolic process
brain development	neuron differentiation	cell morphogenesis	neuron development	positive regulation of cellular metabolic process
plasma membrane bounded cell projection morphogenesis	neuron projection development	central nervous system development	generation of neurons	positive regulation of macromolecule metabolic process
positive regulation of macromolecule metabolic process	positive regulation of macromolecule metabolic process	positive regulation of macromolecule metabolic process	positive regulation of macromolecule metabolic process	positive regulation of macromolecule metabolic process
axonogenesis	system development	regulation of nervous system development	neurogenesis	macromolecule metabolic process
head development	axon guidance	axon development	neuron projection guidance	positive regulation of cellular biosynthetic process
positive regulation of developmental growth	regulation of developmental growth	regulation of cell junction assembly	regulation of synapse assembly
