

regulation of developmental growth	regulation of growth	developmental growth involved in morphogenesis	positive regulation of axonogenesis	regulation of axonogenesis
developmental cell growth	positive regulation of developmental growth	regulation of cell growth	axon development	neuron projection morphogenesis
regulation of extent of cell growth	axon extension involved in axon guidance	neuron projection extension involved in neuron projection guidance	positive regulation of axonogenesis	cell projection morphogenesis
cell growth	negative regulation of developmental growth	negative regulation of growth	cell projection organization	positive regulation of cell projection organization
growth	negative regulation of cell growth	positive regulation of growth	neuron projection guidance	
neuron migration	brain development	generation of neurons	nervous system development	cell-cell signaling
	neuron migration			synaptic signaling
