

axon development		cell junction organization		axonogenesis		cell projection morphogenesis		plasma membrane bounded cell projection morphogenesis			
positive regulation of cell projection organization		regulation of cell projection organization		regulation of plasma membrane bounded cell projection organization		neuron projection morphogenesis		cell morphogenesis			
plasma membrane bounded cell projection organization		cell junction organization		dendrite development		synapse organization		plasma membrane bounded cell projection morphogenesis			
cell projection organization		regulation of neuron projection development		cellular component organization or biogenesis		neuron development		neuron differentiation			
positive regulation of cellular component organization		cell junction assembly		cellular component organization		neuron projection development		generation of neurons		regulation of nervous system development	
regulation of synapse organization			regulation of synapse structure or activity			regulation of postsynapse organization			positive regulation of protein catabolic process
